DISCIPLINE PRACTICES

We are also required by our licensing agency to notify in writing the disciplinary practices used in this child care facility. The parent’s or legal guardian’s signature verifies that the parents or guardians have been notified in writing of the disciplinary practices of the child care facility.

In accordance with Children and Family Services which governs the licensing of Child Care Centers and because we believe children are created by God and are precious to Him, the following discipline practices shall be followed in age appropriate and constructive disciplinary practices:

1. Children shall not be subjected to discipline which is severe, humiliating or frightening.
2. Discipline shall not be associated with food, rest or toileting.
3. Spanking or any other form of physical punishment is prohibited.

All individuals will be expected to cooperate in respecting the safety, welfare and right of others. We believe that good behavior is best taught through examples and that poor behavior can usually be avoided through well planned, interesting activities for children. When disciplinary action is necessary, we will use re-direction, time-out, and loss of privileges or parent conferences to correct misbehavior.

Please complete the following:
